Dear everyone, especially John,

Well, how do the mumps feel — I suppose Alice can laugh at you for awhile now. I'll try to find you something in the way of airplanes — Alice; I got your dress sent today — I hope you can wear it. What is your play like? — Write me a letter & tell me all about it.

It is getting to be nearly 11:00 so almost time for bed. I didn't go to school tonight but went & got my hair filed. Next week Alma & I are going to start knitting next week at school — We'll knit for about ¾ of an hour & then go to cooking class for 2 hours.

I hope Grandma got her pin o.k., & I do hope she likes it. Happy Birthday Grandma & John — — I do hope you won't spend your birthday in bed with the mumps.

Uncle Dewey is fixing grades & Aunt Margaret is ironing & I have pressed, filed fingernails, polished shoes, &c.

2/ Aunt Margt & Uncle Dewey have another house rented to move into the first of April, which isn't so far away. I don't know whether I'll go there or not. It is quite a distance from street car service & transportation & the "El" would be higher. Alma & Lou are wanting to move so ~~It may~~ move in with them. Where transportation is now $2.00 a week it will then be about 50¢ or so.

Uncle Dewey says not to have any more eggs sent until further notice.

Work is still OK. — 75¢ is now deducted each week for defense bonds. I got my books balanced today for Feb. so I can begin on March now.

Tomorrow night Leota & I and Aunt Margt if she can go are going to see "Kathleen" with Shirley Temple.

Last night Lou, Alma & her Mother (who is here on a visit) I & I went down to the

3/ W-G-N- studios & listened to "The Northerners".

Is there anything special John would like to have for his birthday & how about graduation & Jr. Sr. Banquet.

My mouth keeps opening & closing so I suppose I'd better crawl in if I'm to get up at 6:45 tomorrow morning. I'm getting about 7 hrs. sleep each night — seems like I should get more but can't seem to squeeze it in.

Good Night.

Love,

Margaret
