Dear Diane & Mike & Joseph (is that right)
I think I need a memory scanner or at least see this baby
Really happy she has conquered his earlier problem, tho' you probably sleep with one ear open or get up often! -
Maybe able to follow a trip seat this year - one never knows -
Just saw this article about Garrison & the research center in Medford, Mass. - wondered if Mike would be interested -
Nancy & Daryl still here, hoping to move by next week & the kids enjoy it here but ~~not~~ will really enjoy space at new house, Ben & Nancy will too! -

Spatski & Rich opted for a new car instead of a house now. Tom still looking for the right house in Albuquerque -
Lonnie & family just busy! -
Your mother has kept us posted on your activities, suppose you're still working & Mike doing house duty during week. -
Take care
Love
