Hello!

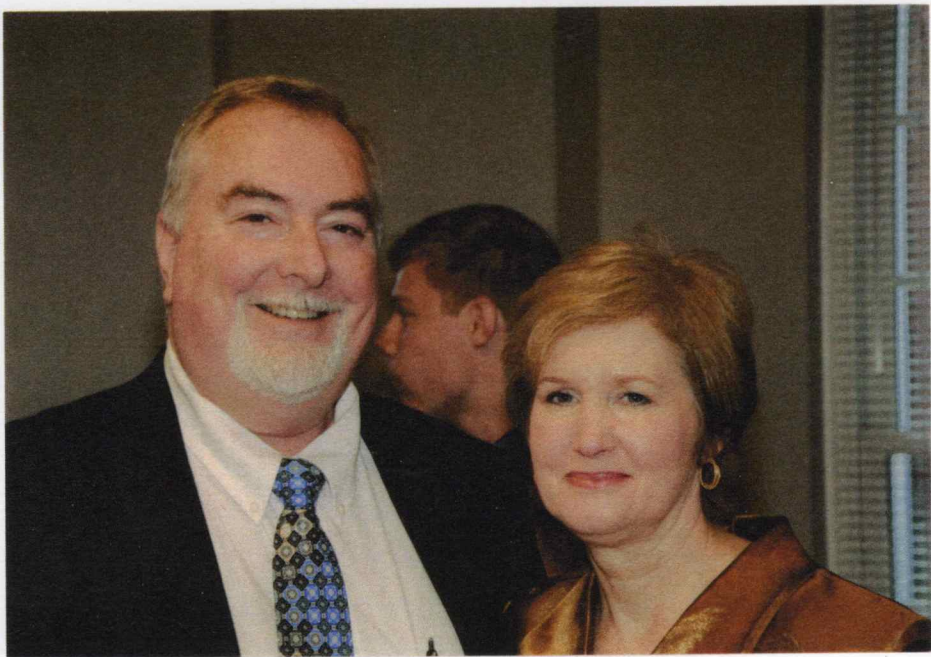

I am fortunate to have my sister, Dorothy Gonick visiting me while Diane and her family are in Panama. We are looking at Pictures from the 90th Birthday party for me. I love cousins so we tried to find Pictures with cousins. John and his four boys came the next weekend but we didn't take any Photos. Anyway we reproduced some Pictures for you so we can keep track of one another. (I don't use Facebook so no doubt you are way ahead of me in keeping track of the twelve cousins.) We don't get to see all of you too often since we live in Alabama and Massachusetts.

If you want to find out about genealogy or where people live Tom Kruse may be your answer. He keeps discovering more and more relatives we didn't even know we had.

Sending pictures and love
