Aug 1 - 1981

Dear Ralph, Alice & Helen,

I know we owe you
a letter but you tell me
what I am going to write.

You and Mary is about
the only one we hear from.
Having calls or send a
a few lines every week.

We feel so sorry for Margaret,
Margie is doing a good job,
I am sure of taking care
of her. I guess they are
in a world all by them-
selves. That is one thing
wrong with this place.
We have a few here that
is hardly able to find
their place to the table
as which one they are
suppose to go to. And
to see all that it doesn't

I help your feelings. They are all a very nice bunch, more ladies than men, a few married couples and must be one hundred thirty or forty.

We have been looking for Mary's for the last week, they were supposed to leave the 20th but we have never heard from them.

When he was here three weeks or so ago he said Ann had just called and said Harlene was in the hospital and had a breast removed.

I think he said it was malignant. She has two sisters in Kenner and they both have cancer.

Sam still having quite a lot of trouble.

with my scratching. There is nothing they can do for it only take medication. No cure for it.

We suppose your next big party coming up will be Richard's wedding the last of the month. We hope he is getting a good wife. Tommie and his wife was to see us a few weeks ago and Linda and her two children were down to see us. Tommie brought their children back to spend the summer in Plenum. Now I guess Marcus and Margaret will take them home this fall.

We are very Margaret in enjoying her retirement.

4

I suppose Maurice will
work as long as he can
keep working, by being
able to get a few or five
weeks vacation every year.

Your letter read that
Helen had a good job for
this summer. Was she any
taller than you Alice?

Ralph are your stocks still
holding up pretty good? I
still have the same one and
is is doing pretty ^{good}? But they
have gone down quite a lot.

Didn't get this finished.
Sorry I didn't get to
hear your sweet voice
this afternoon. Jessie said
you phoned and was
nice talking to you. I
was down playing
Bingo I won one game.
Jessie was writing a
letter.

5

I have been having quite a lot of trouble breathing today.

Mary called this afternoon and they were still home but plan to leave next Wed. going to stop several places and do some fishing and will go by Klamath first and get here the last of next week.

We wish we could see you. Alice you was always our sweet little girl.

We always loved you and always will. I feel Helen is falling in your foot steps and you and Ralph are so proud of her.

I will bring this to a Class, Love Love to all,
Jessie + James
