

BEST WISHES FOR A HAPPY 1970

How nice to hear from you at Christmas time! We just had to put ourselves together and let you know how much we appreciate being your friends! We were all together except John, Janean and Johnny Jr. in Calif.

As you see them - Andy 10, Craig 11, Bill 15, David 17, Bob 18, Stan 22... Stan was home from BYU... He completed his church mission in March and we enjoyed having him home after three years!

Caryl & Barney and Ronnie and Amy (3 weeks) came by Christmas Day... what a joy having them so near! ... a second family... We are all busy at work, church, school and sports, May the Lord Bless You in 1970!
John & Naomi Hendrickson and Family.

Dear Alice - I just accepted a job today of teaching kindergarten until June! I hope I can stand up under it all. Wish we could see more of you & could have some good times together. But I'm held pretty close with all my big family. They are such good kids & I enjoy them so much. They bring so much joy into my life, and are a real blessing.

Amy is a doll! We feel a bit of Heaven when she's around. We wish our Johnny baby could be nearer. They are living near Johnny's in laws, so they are having the joy of watching him grow up.

Love,

Naomi
