

Christmas 1998

Dear Alice,

Not much went on around here this past year but its been a good year and we've had some fun. My mom is it well so we stayed pretty close to home.

Bob and I did go to Hannibal Mo. for a weekend and took a dinner Cruise up the ole Mississippi which was fun. It was 110° in the shade that weekend. Needless to say, it was a little warm.

About a month ago, two friends & I rode the Amtrak to Kansas City and spent 3 days. Stayed at their Cousins apt. and she gave us the tour in her car. First time any of us has ridden the Amtrak. Love it. Had a good visit with Kathleen this of last summer, Audrey was here and also my Cousin from Iowa.

Kids are all fine. Audrey's husband changed companies but still works with computers. Better pay, benefits, & works closer to home. Duane & Felinda both switched jobs but doing the same. Felinda went from the nursing home to a hospital as an R.N. Duane's old boss is just taking people boards now & Duane wanted more than that so he went to work for his ex boss's uncle.

Don't hear much from Pam & but they are both still working and busy with 3 young boys.

Bob and I flipped our jeep last Sept. I just got 9 stitches in my forehead and Bob got a cracked Rib & broken jaw. We were so lucky. At least it's good to know the good Lord has no use for either one of us yet.

More of the kids will be home for Xmas. To far to drive in the winter. Kathleen and us talked about driving to Huntsville but as you noticed we didn't quite make it.

Have a great Xmas and I know you will with the grandkids. They sure make a difference don't they?
Take Care.

Love
B & W.
