Dear Mary and Rose Marie and Family,

Want all of you to know we met your
relation in Southern California and found
them so far ahead of us. They could talk
about the Stars and the very best religious,
Science and oh so many things. Mary
you and Jeannette must plan to go visit.
Arthur reads and reads and he goes to hear
world travellers and lecturers. The Best.

Mary you had better settle down right in
Omaha and join a library club, a Senior
Citizen Society, etc. etc. But take time to play
Canasta and Kings on Her Corners with the Boys.
When I wrote to Sam and Jessie last night, I
told them you are having more fun than we are
here in Truth or Consequences.

I hope John Wesley don't get too many irons
in the fire and get so busy that he cannot take
time to learn from his own Boys. I wrote to STEVE
when he was in Hannover with his grandmother.
But he failed to write to me. We know how busy
you can get raising a family -- but it is good to go
to bed tired.

We are down here where we can REST. Our
Best Wishes to all at 9319 meadow drive.

Dear Prof. and Mrs. Bailey,

Just a note from us to tell you how happy we are to know you more after these 50 years -- You have gone further and higher than any of us. Keep climbing. That dinner we had at Etheldeans was the BEST. Dragie is a good Host and Etheldean is a real Hostess.

Three of your LABELS are going to Marvin Kruse (Mrs. Margaret Adair Kruse) and in this chain letter I've asked it to be sent to Dorothy and Alice. We are urging them to get Mary and Jeannette on the airplane **to** fly into L.A. so Tommy (T.E.) Kruse can pick them up some Friday afternoon and drive them to the Animal Farm. That next Sunday we went thru San Marcos to the Zoo.

Let's Play Canasta the next time? We will be at this address another month. Then George, Iowa. Try to keep in touch with Tommy Kruse.

Best wishes,

Dewey and Margaret Adair

Dear Etheldeen and the two Hosts,

That was a great feast and a fiesta
we had at your place one Friday afternoon.

When we get into Pasadena the next time
we will drive right up to your house and
beautiful GARDEN.

It was good to find Arthur so active and
alert. Mrs. Bailey and A. Cartland may be
around a good many years. You and Drogia
are wonderful people, too, and we liked
George. Keep Drogia in the Kitchen as
long as you can.

Please keep in touch with Tommy (T.E.)
Kruze for we have adopted him as our own
nephew. Take time to study the stars some,
but play canasta with your Parents -- They
are rich people.

Best Wishes to the Best in Pasadena,
Dewey and Margaret ADAIR
