

Feb 2 84
Dear Mom, Rosemarie, John
& Ray

So happy that you're planning
a trip to Calif with A. Jennette.
Hope she doesn't decide to
wait for July.

Mavis has ^(your 2nd) this check Mom.
& I don't know what happened
to the other one - perhaps I
lost it? I don't remember seeing it
but that is no guarantee that it
wasn't in one of your letters (can't locate
them either). I'll search this weekend &
if I find it, I'll destroy the 1st one.

The check is enclosing is for your
new outfit. Or whatever you need for
your Calif trip. I'll try to get
a note to A. Jennette - it would
be lovely for you both to go in April.

I don't know why I'm so exhausted -
I just flap in the evening & get
so little accomplished - should get a
check-up perhaps & lots more sleep.

Here's a clipping of you about 20 years younger
thought you'd like it - Maris & I finally decided
on pictures & have them ordered. All were so good;
it was hard to decide - so in about a month
you will get them. (as you taking this outfit to Calif. you
sure looked lovely!)
We have (Maris Cat) here again until May when
he'll go to Calif. for a new home. He keeps jumping
up to the 2nd shelf & getting mice from Diane's
collection - rather squeaky & catnip so Diane had
to take care of that & put most away!

She sang ^(with Chyn) Wed. eve. at Ash Wed. services. Nice
service - Tues. eve. was open house & P.T.O. meeting at
her school. This doing fine!

There's an auto & craft show coming for school
age children & Diane is entering her got of
John's trees or spiders web -

John - I guess you can count me
out for your school this year. Walt said maybe
in another year he'll retire there are lots of
great cars for most decisions & especially this.
I enjoyed talking with Mrs. Plambek (sp). Perhaps
the Calif. prospect or another, will be even better
(that is something I'm sure of) my pup is at a low
all today!

MT. Day with up because completely broke a lot. Did you get me from Mar? You should have said

Frisky Chickadees

will go to N.Y. I pick up
Marie's stuff tomorrow (Walt
thinks the VW will go down & back
on one tank of gas) should
take the station wagon but
might get stranded on
the way home!

Diane & Carolyn still
doing a great job with their
H.H. Club.

Peter hasn't been working
much - the weather will no
doubt get warmer so they
can do outside painting -
no factory jobs unless you're
experienced. It's a pick & choose
market for employers.
