Dear Alice, Ralph, Helen

Bought this early enough
excuse - excuse!

Think of you so often
Having a dull, exhausting year
at school (not really dull... frustrating
is more the term).

What are your summer plans?
Weiss not made them yet.

Mairi comes up tonight - She's
been with Chuck for a month &
now back to school. She'll do her
stage project in Calg & then have her
diploma signed. Guess they'll be
glad when they can settle in one spot
and begin using all the lovely things
stacked in our playroom.

Hope Alice & Helen can be together

this summer I shall be at least 27th I think — ☹ so late!

Hope you Easter was happy!

Lots of Love

Del

made lots of egg easters bunnies at school.
