REDDING, IOWA,

Monday evening.

My dear Mary:-

I got home safe and sound.

They sawed wood for the Church today.
We hauled two load of wood.

We are going to begin to shuck corn
in the morning, the weather has took
quite a change in tempture I hope it will
stay warm so we can shuck corn.

I stayed in Blackton and called Sam and
told him to come and get me.

The pig died but the rest of them seem to be
doing alright, I think I will sell about eighteen
of them before Christmas if the market stay up.

I am going to try and get my work planed
so I can stay as long as I want to Christmas.

The train was on track when I got down there
but I had plenty of time

Good Bye
My dear.

From your dear Boy
With love. Carl W.
