

Tuesday evening.

My dear Mary:-

I got home all P. M.

I sure had a muddy time
getting across from Blockton
I came over in a buggy
the roads was pretty bad
I think car can began
to run again by tomorrow-

Every thing was P. M. when
I got home and going fine.

I have been pretty busy
getting thing around to
suit me.

I am feeling pretty good
I still have a cough but
I feel all right.

This sure has been
a fine day it seem
like it ought to be
about the middle of March
instead of February

The mud will soon dry
up if it stay like this -
for a few days, the frost
is going out of the ground
and the water is going
down in the ground.

Wed. Eve.

Today it has been trying to
storm but I don't think I
will make a very good out
at it.

I read your kind letter
this morning my dear
My dear I am feeling
fine. My cold has awful
mean left me I don't care
how soon.

Sam is going to town
and I will send it with
him

Many my dear I will
be glad when you are
with me all the time
for I enjoy being with
you my dear.

Bye my dear,

- With love
