Thursday Evening

My dear Mary.

I would loved to be with you tonight my dear for I love you so.

I sure would like to see the new girl.

This sure has been a fine spring day, we have been cleaning out the grove north of the barn to day.

Do you remember Inez Lynch and Keith Fisher they were married last Saturday.

We are all feeling fine
It is almost nice
enough to make garden
but I think we had better
wait for I expect it
will turn cold again.
A Cousin was up from Oklahoma
and he said they were
plowing and sowing oats
down there
I have got seven more
little pigs and they are
doing fine

Sam has gone to town to see his school teacher,

My dear I wish that I was with you tonight after awhile we will be together all the time and how nice that will be won't it dearie?

I have been filling out some blank pedigrees to send them to get them recorded.

Bye my dear With love and lot of Kisses

yours.

Earl.
