

Wed Evening.

My dear Mary.

Fred and Gladys has  
got them a little boy it was  
born this afternoon.

It has rained about  
all day to day. I believe  
all signs fail in wet  
weather for I thought it  
was a dry moon.

I do hope it will quit  
raining after a while for I am  
getting tired of it.

It was Easter that we  
were all out to Bairds  
That evening we got George  
and Fern and took them for  
a ride.

The day we took the  
Buick went to Clearfield, diagonal,  
and Mt Airy. It was that  
evening we came down to  
hear the Edison.

That is too bad about  
Bess sister, I hate to hear  
about any one being sick

Mary I forgot to tell you  
Redding was going to get them  
a airplane, they have gone after  
it they had to go to Huston  
Texas after it. Mc Elvain  
is going to run it.

There were six fellows  
bought shares.

Redding will be on the  
map when they get the plane  
home.

I don't think I will get  
one before a day or so  
do you think I better get  
one. Ha Ha

I will try and come to  
Al. M. Sat. evening or Sunday morning  
Goodnight my dear Mary  
With Love and Kisses  
always Yours.
