

Redding Iowa

April 6 1920.

My dear dear Mary:-

This has been a pretty fine day.

Will the Aeroplane did not get up it is coming up to morrow that is what they say.

We got a little snow last night but it didn't last long -

that was to bad about Arthur letting his car freeze up, I wish it would get worn so it wouldn't freeze anymore.

We have got seven
more little pigs that
make forty seven in all.

Mary my dear I
wish that I was with
you Sunday Evening to
help you take care of
the house for I enjoyed
all the evening that I
ever spent with you
my dear, I hope I
will enjoy ever evening
that we will spend
together.

I have been helping
Fred today he is looking
for some cattle buyers
from Stockport go a tomorrow

I am feeling fine
my cold has all left me.

The roads are pretty
muddy it will be so
one can drive a car
by Friday if it don't rain.
Goodnight my dear Mary
with Love and many
kisses

Your dear Carl.
