

April 13, 1920.

My dear Mary:-

This has been
a pretty fine day for
once, I think we can
begin to sow oats
again tomorrow if it
doesn't rain anymore
which I hope it don't.

My dear I recd.

Your kind letter this morning
I will forgive you
not waiting more my
dear for you are a darling
to write letters to me.

My dear I will be glad
when you get to keeping
house for me, my dear I
know you can keep me
happy.

I would sure liked
to have been in the Monie
and seen the wrestle
match but I was affraid
that Caddock would get
throwed and I didn't
wont to be there, maby
the next time he wrestle
he will wrestle for the
Champion ship again and
that is the one we wont to
see if it is in the Monie.

I got me a new gasa
engine to day to pump
water and run the washer
machine and other little
jobs.

Every thing is coming
along as could be

taking the weather in.

I do wish it would
dry up so it would let
a person do a little farming
for it is going to make
every thing come right
along here at once.

I am glad to hear
that Betty Lou is doing
so fine.

Goodnight my dear sweetheart.
to the girl that I love so
much.

yours loving.
Earl H.
