

Sunday P. M.
May 26.

Dear Dorothy, Walter, Peter + Marie -

To all or not to all - that
is the question! ? We are still hoping.

John sent the slides he took last year and we just
had to talk to you! Dewey + Margaret were here last
evening and the slide of John + Jane was such a
surprise Aunt Margaret fairly jumped out of
her chair. Pictures were all as good.

Listen, Dorothy, - why not you + the children
fly out if ~~that~~ doesn't want to drive out now.

It's only 2 or 3 hrs. and there's a tourist rate
also a family rate on Mondays and we will
check at the airport as to time, etc.

Rather come in to O'Hare Field as it's close by.

You don't need to bring many clothes for the kids as
we wash every day & dry them quickly in the
drier.

Uncle Sam lost his job so he took

another for a while till a better one is ready
in July - so they can come, we hope.

There's plenty of places to sleep but there
will of necessity be plenty of excitement around
Grace has offered two beds next door.

Bed in attic & sleueys can always put some
to bed - air mattresses for kids! Motel
over on Mannheim & a new hotel on Grand Ave.

Oh well - you know what you want, but we
will take care of the plane tickets right away
as to reservations, then if you can't make
it they can be cancelled. Which is better
New York or Albany?

Carolyn Lungren graduated this year &
came up Wed. and goes to work at 17th St.

I mt. Harv. plant to try an office job. Her brother
Marvin works there. She & another office girl
have an apt. at 2032 So. 7th in Maywood, near
where sleueys used to live & not far from Newton's
Her folks are coming up to the wedding!

We go down home Wed. evening for weekend. Uncle Dewey & Alice will go too. I think they plan a shower or something for Alice & Stuart's sale is on Sat. Stuart's leave June 3 for Denver where they have bought a house.

They have elected John as a church trustee & steward to take Glad's place so he will be over home this week end for a conference - ~~fly~~ over as he did Easter.

Only 3 days to work this week - paid for 4 & possibly 5. I'm back at Sylvania full time again. 1 wks. paid vacation but I'm taking another week off as Kimball's is closed for 2 wks. June 29 - July 15. Not sure what we'll do - depends on whether we see folks at wedding.

We think it better to have reception in church basement & have salad & sandwiches extra, so we can visit better than going out to dinner and there will be several from distance who wouldn't be included at the dinner.

We have addressed invitations today

and have announcements yet to do
but they won't be sent till day after wedding.
Alice has taught here seven years - 10 years
altogether and next year in Milwaukee.

and your 10th anniversary is coming up - hope
we don't have any floods around like that
year. Texas and the south have sure been
hard hit with water and wind - even up
to Kansas City.

If Sam's come we may just take trips
around here - Wisconsin + Michigan + Ill.
and a lake trip. Doesn't that sound
interesting? I'd had planned on Texas and
then going east next year + taking Alice + Ralph
along. never know what this Adair family
will do next.

M + M aren't taking a vacation this year -
just weekend trips - a lake trip last of July.
Marne has worked so much overtime - 22 hrs.
last week. They put in an IBM machine like
Univac that he runs, and took off some of
the office help so he had to put in overtime.

John is having a wonderful time with

the "Gateway" group of young people - too busy to sleep, sounds as if!

School is out here the 2nd week in June.

Alice had the train cut off her dress, so the men can wear dark suits - no white pants or coats! Margaret is wearing the blue lace they made for Alice at Kathleen's wedding. Alice has another blue (summer taffeta?) that she wore at Donna's wedding 2 yrs. ago that Margaret could have worn but had to be shortened an inch or else wear high heels.

Margaret is making Alice a princess dress of sample enclosed for her to change into - nearly done - matching grosgrain ribbon around neck & down shoulder seam & bows on full skirt. Then she has a print nylon to make for herself to wear to shower etc. (Margaret & Kathleen are having a shower the week before wedding) & a dress for Linda.

I have mine - white with blue rose print & a matching nylon print dustie - navy hat & gloves & shoes if I can find them to text.

dad has to have a dark suit - needs one anyway. He has worn bluey's & Fred's as many years. He has to give his last girl away! Hope she will be as happy as the other two!!! Expect she will be as busy, too. They still haven't decided on an apt. unless Ralph has this week. He didn't come down as he was having his car worked on. They'd better find plenty of room for all her stuff!

Mr. & Mrs. Kruse are leaving next Monday, flying to Seattle to see her sister - couldn't get reservation on United so took a 5-stop plane - only to be gone 10 days.

Mon. morning - off to work for 3 days this week - looks cloudy & cool!

Write again soon to keep you up to date on developments. Hugs of love
mom.
