Dear Dotie:

Will try an answer your most welcome letter I will try and answer some this time. I am writing smaller because it so happens to be my last sheet of paper so see I have to be patriotic and conserve on paper. As you get what I mean.

You know they tell me there's a war going on but I just can't believe in it. He! He! Dee Dee is here reading a book while I catch up on some letter writing.

O yes the funniest thing happened Friday Alice quit / boners. So you know what that makes me yes, Manger and do I hate it. I was so glad though that she quit I really didn't know

what to do I had to write that big so you wouldn't think you were seeing things or dreaming. It was quite a shock to everybody maybe we can have peace now though I thought that was such a cute way of writing a letter. It was on a attractive sheet of paper. "no kidding"

You know in the tone story muggies the Soldier boys write for girls to write to them so Dee Dee and I are going to write just for fun. (6 pages aren't we?) You know me? Well its almost twelve so guess I will finish tomorrow. Maybe I will have something to tell you and I will say maybe.

Baby I hope you excuse these even lines  
and beautiful writing. I will try and  
not run so short of paper after this.

Alice was in today but didn't stay  
as long so guess she doesn't like me.

I am going to stay with Dee Dee to night.  
well guess I will close:

Love

Loretta-
