
Dear Alice & family,

Well suppose you are busy, busy getting ready for Christmas and the other holidays you will have. Am sure Helen will get a vacation to so you can all celebrate together.

We enjoyed seeing Marie when he was in Colorado. Bob he always has so many places to go we don't see much of him. He also gives us a few things that Linda has for him to do. Orin & Norraine came out to visit her two sisters & came by to visit us 2 or 3 hours. They come out for Thanksgiving. Both are looking good.

We haven't made any plans for Christmas as Sam has been having some breathing problems so never know how he might be feeling. We wish for you & yours a happy Christmas & good health in the coming New year. By By for now!

Wishing you
a beautiful
Christmas
and a heart-warm
New Year

Love to all,
Sam & Jessie
